Over the top in the most significant advance since the building was completed was the almost certain prospect for the Cameron Methodist Church when workers reported a total of \$5820.00 from sales of Debt Bonds on Wednesday night.

Judge Graham Gillis brought the inspirational address for the dinner.

Two more days remain for the drive—Thursday and Friday with the workers meeting tonight at the church for the fourth day report.

Rev. O. C. Acrey, pastor of First Presbyterian Church, was invited by Rev. J. W. Mills to make the address for the evening.

The drive will close Friday night and it was believed the goal would be comfortably exceeded and the church liberated from debt.

## MRS. HELEN C. BLUE DIES AT INDEPENDENCE

Mrs. Helen Clappitt Blue, 97, oldest living resident of Independence and the last to remember from personal observation the stirring events of the frontier town which later saw the establishment of Baylor University, died at her home on Wednesday at 4 p. m.

She was the widow of the late James H. Blue who was a native of Kentucky.

Mrs. Blue, mother of Mrs. B. F. Bailey of Cameron, was born and reared in Washington county. She was a graduate of Baylor at Independence.

The high college hills still support the ruins of the old university. On the eastern edge of the town stood the men's dormitories and on the western edge almost a mile away were the girls dormitories. The Grecian columns still stand in the shadow of great live oaks. In between is the historic church where Mrs. Blue had worshiped for a life time.

Funeral services were held at the home on Thursday afternoon at 4 o'clock with Rev. Cook of Brenham delivering the sermon. The body was buried in the old cemetery at Independence.

Surviving are six children: Frank Blue, Mrs. Mamie Rogers and Mrs. A. M. Williams of Independence, Mrs. C. W. Stiles of Brenham, Mrs. B. F. Bailey of Cameron and Mrs. Thad Wheeler of Harlingen.

According to information received by the Cameron Daily Herald, Rivers was standing on the running board of his car while his son, Leo, driving approached a street intersection. Rivers is said to have requested the machine be driven in another direction and took hold of the steering wheel, giving the car a sharp turn with the result that the machine was overturned and he was crushed beneath it.

In the car at the time of the accident were two women neither of whom were injured. The son, Leo, also escaped.

Miss Dorothy Lee Rogers of Salem visited in Cameron Wednesday.

Jesse J. Barrett, widely known citizen of Milam County and lifelong resident of Yarrellton Community today announced that he will be a candidate for Commissioner of Precinct 1, subject to the Primary to be held on Saturday, July 27, 1940.

The announcement of Mr. Barrett who seeks the important office of Commissioner in this large and populous precinct, was received throughout the county as well as in all the voting precincts of his district with more than usual interest because of his prominence and outstanding qualifications to serve the people in the office of Commissioner and bring to the County government the value of his experience and understanding of public needs.

An interesting comment by Mr. Barrett indicates that he does not care to hold the office for an indefinite period. "If I am elected, I would expect to retire at the end of 4 years and let some other good citizen serve as Commissioner," said Mr. Barrett. "If the office is a burden because of the amount of time and service a (Turn to page 4)

In serving the Precinct, Mr. Brashear has been called on many times to go beyond the call of duty for he has not been satisfied to concern himself with the stern administration of Justice but has employed the more reasonable and better liked public policy of being helpful, sympathetic (Turn to page 4)

## R. M. KENNEDY ASKS FOR RE-ELECTION AS SHERIFF

R. M. Kennedy, Sheriff of Milam County, today requested publication of his announcement for re-election, subject to the primary to be held on Saturday, July 27, 1940.

Because of his popularity among all the people of Milam County Mr. Kennedy was happy to acknowledge a wide manifestation of friendly public interest in his campaign to succeed himself for another term.

As has been his policy, Mr. Kennedy declined comment on his fine record in this office. Few men have served with greater satisfaction to a majority of the people than has Mr. Kennedy.

Mr. Kennedy has always believed that it is for the people to say whether a public official has given a good account of himself when trusted with the responsibility and given the confidence of the public. Due to his modesty, Mr. Kennedy has never boasted about having done his duty because he believes that the people elected him to perform the duties of this office and that he is entitled to no special credit for having discharged his duty to the fullest extent of the requirements made of him under the law.

His many friends are saying, on the eve of his campaign for re-election, that he has brought to the service of the government which he serves, a highly satisfactory contribution to the sane and just administration of the duties entrusted to him as the chief law enforcement officer in Milam County.

In discharging his duty, Mr. Kennedy has at all times been considerate, and has recognized the rights of the individual and has given to each one the same fair and impartial consideration.

In looking over the records it is (Turn to page 4)

## ALLIED PRESS WARNS U. S. NOT TO MEDDLE

Rumbling of suspicion and distrust were heard today in British and French capitals as Under Secretary of State, Sumner Welles, left Rome for Berlin.

There was outward indication the French and British believe Welles should not have been sent to Europe as the press of both nations issued what was termed a warning to the United States to quit meddling.

In Rome it was said that Mussolini had received an autographed message from Roosevelt. Just what was meant by this unusual statement was widely speculated upon in all the capitals except Berlin and it was explained that the German Press is not free to comment without government censor.

Better informed circles continued to believe that Welles was sent to Europe by Roosevelt with the complete consent and co-operation of England and France, that even Hitler welcomes a ray of hope for a way out of a total war, notwithstanding his bold talks.

## LUTHER ROBERTS FOR COMMISSONER NO. 2

Luther Roberts, widely known Cameron business man and farmer today announced for publication that he will be a candidate for the office of Commissioner of Precinct 2, subject to the primary election to be held Saturday, July 27, 1940.

For sometime Mr. Roberts has had under consideration the announcement for this office and during the past month or more has talked with many voters and taxpayers in the precinct and is pleased to acknowledge the support of many.

In beginning his campaign Mr. Roberts feels that as a result of the interest that has been shown in his race that he begins his canvas with a most gratifying manifestation of interest insuring success at the polls in July.

In making his announcement, Mr. Roberts said if he is elected he will put into effect a number of innovations, one of which will be that every transaction of any nature involving expenditure of money will be handled. (Turn to page 4)

## WILL GUARANTEE SMALL NATIONS

Adolph Hitler will present Sumner Welles, American Under-Secretary of State, with a peace plain, it was disclosed today in the German Press.

Hitler will, among other things, guarantee the territorial integrity of small nations. If the war and events of the past two years indicate anything at all, it is a universally accepted fact that Hitler has done more than any man in modern history to destroy the territorial integrity of small nations.

Other points of peace are said to be re-distribution of territories, return of colonies and economic readjustment. Primarily the German demand will be the reduction of Great Britain to a vassal state with all her territories given over to Germany or administered for the propagation of Pan-Germanism.

Mr. Welles is due in Berlin today and it was expected he would go direct to London and then to Paris.

France today lifted censorship of the press and henceforth there will be no restrictions on political opinion. This will enable the Communists in France to destroy the nation within a short time.

## WAR

The Soviet is short of food according to the British.

The British have begun food rationing as a disciplinary measure.

Russia was cleaning up additional Finnish lines of resistance and has thrown 60,000 more troops into the battle near Viipuri.

On the Western Front a few minor skirmishes occurred, described as hard to hand fighting.

## Dobie Lecture is Heard by Many

Colorful J. Frank Dobie, Professor, Historian, Author and Story Teller captured his audience here in an address that ranged from the stories that every Texan loves to hear to ridiculous tales that only Dr. Dobie can tell.

A large and appreciative audience heard the noted speaker presented by the Lions Club. Young and old laughed when the popular Story Teller ripped off humor in every story. Cameron lovers of sports, hunting, fishing, etc., listened with rapt interest to some of Texas richest history as interpreted by Dr. Dobie. Many of the young people who heard Dr. Dobie took notes on his lecture for credits in class work. Members of the Cameron History Club had a large part in the splendid program.

Dr. James Watson, chairman of the committee on Health and Welfare of the Lions Club stated that a very comfortable sum was realized for committee work from the lecture. Dr. Watson's committee sponsored the presentation of Dr. Dobie.

Many comments were heard from members of Cameron citizens and civic organizations that affords the Lions Club encouragement to continue bringing to Cameron this finer type of entertainment.

## FINNS GET CASH

## GRADY ALLEN FOR DISTRICT CLERK HERE

Grady Allen, widely known Cameron citizen and business man announced Monday for publication that he is a candidate for District Clerk for Milam County, subject to the primary election to be held on Saturday, July 27, 1940.

Mr. Allen said upon releasing his announcement for publication that he was deeply grateful for the response that had been made to his announcement to run for this important office. Friends in Cameron and throughout the County have pledged their support and active interest in his behalf to the extent that Mr. Allen feels that he enters the race with a formidable support from the voters and was happy in the realization that his announcement has created such wide public favor.

Mr. Allen is a native Milam County citizen and the son of a Southern Pioneer who 55 years ago settled in Milam County. The Allen home is located near Maysfield. His parents, Mr. and Mrs. George Allen settled on this farm many years ago. The old home place has long since passed to other hands and his father and mother now live in Cameron.

Mr. Allen is 33 years old and with the exception of 16 years spent in Cameron devoted his time to farming. Sixteen years ago Mr. Allen moved to Cameron and engaged in painting and paper hanging. Due to ill health he was forced to abandon the profession and 8 years ago entered the garage business which he has since followed.

Mr. Allen enjoys the distinction of a unique position in the esteem of (Turn to page 4)

## Clark Kelly and Irma Porter Are Married Here Thursday

Clark Kelly, widely known Milam County citizen and owner of the Kelly Nursery in Cameron, and Miss Irma Porter, member of the Ada Henderson School Faculty, were married in the Cameron hospital at 5:30 p. m. Thursday February 22.

The ceremony was performed by Rev. J. W. Mills, pastor of the First Methodist Church. Dr. Eduard Rischard, Dr. A. S. Epperson and the Misses Lorenz were witnesses to the ceremony.

Mr. Kelly, several days ago, suffered a heart attack and was taken to the Cameron hospital. The ceremony was performed at the bedside because Mr. Kelly's condition is regarded as critical by his physicians. The romance which on Thursday culminated in an impressive Washington day ceremony, began years ago when both were residents of Rockdale.

The marriage here on Thursday was a pleasant surprise to hundreds of friends throughout this vicinity and linked the lives of two of Cameron's most popular citizens.

The bride was for a number of years superintendent of the Ada Henderson School and for the past several years has been a member of the faculty. Mr. Kelly is one of the better known nursery men of Texas and owns and operates a thriving industry in Cameron. Mrs. Kelly was born and reared at Rockdale, the family being among the pioneer settlers of Milam County.

While the ceremony is tinged with sadness over the condition of Mr. Kelly, friends throughout the County are happy to have receipt of the news of their marriage and extend their congratulations, trusting that Mr. Kelly may soon recover and be able to return to his business and association with his many friends.

## RED AID FOR NAZI IS BELIEVED CERTAIN

Midnight Friday was set by the Red Army as the final hour for the capture of Viituri, key point in the Finnish Mannerheim Line.

The Russians were still 6 miles from Viituri but were reported to be using the flower of the Red Army in the assault on the Finnish positions.

There was every indication that the Finns would hold out and the Red army would be denied the objectives within the time limit fixed by Stalin.

There was every indication in the near East that war is eminent with Turkey, France and England making all preparations.

British naval units were concentrating near the port of Murmansk and there was growing belief that war between Soviet Russia and the allies will follow. Russia is expected to go to the aid of Germany and Germany is expected to assist Russia if necessary in the conquest of the Baltic.

It appeared today that the significance of the alliance Hitler made with Stalin will materialize in a co-operative conquest of Europe.

## Female Tonic Sales Leads to Arrest Of Waco Man

The first arrest under the Texas law governing sale and labeling of patent medicines in recent months in this vicinity occurred on Wednesday, Feb. 21, when J. Frierson of Waco was arrested by R. F. Holbert of the State Health Department.

Frierson was, according to officers here, selling Eagle Brand Female Tonic, represented as an antidote for hundreds of female ailments, and according to Mr. Holbert, the medicine is a fake and the method of selling as well as the price was termed to be unreasonable.

Mr. Holbert had been trailing Frierson for some time and when he located him near Burlington placed him under arrest.

Frierson was fined \$38.50 on a plea of guilty in the Court of Justice Womack Brashear.

## Reds Fail to Take Finns; Celebrate Without Victory

Twenty-two years of Bolshevism was celebrated in Red Russia on Thursday but there was no announcement that Red troops had broken the Mannerheim line and conquered Finland.

This development was planned for the Red Army anniversary.

Indications were that Finland may hold out some weeks now that all available man power of the little country has been mobilized with the Russians meeting reverses on all fronts.

There was little activity elsewhere. German bombing planes sunk a naval trawler of the British fleet in the north sea. British planes completed flights over German territory as far as Bohemia which was a part of Czechoslovakia.

## CATHOLIC HOUR TO OBSERVE ANNIVERSARY

The Nationwide Catholic Hour will broadcast its tenth birthday party on Sunday, March 3, featuring Archbishop Spellman of New York, Monsignor Fulton Sheen, Jessica Dragonette, and a full orchestra and chorus. It will be heard locally at 5 o'clock p. m. over stations KGKO Ft. Worth, KPRC Houston.

Archbishop Sellman, head of one of the most important dioceses in the Catholic Church, is an intimate of Pope Pius XII, whom he conducted on his nationwide American tour this year brought in over 112,000 letters and post cards from the radio audience. Jessica Dragonette is, of course known to radio audiences everywhere, having won almost every kind of contest and poll, at one time or another, that is conducted to measure radio popularity.

The Catholic Hour, begun in 1930 over a network of 22 stations in 17 States and the District of Columbia, has grown to be the largest year-round religious broadcast in the world. It is now carried by 94 stations in 41 States, the District of Columbia and Hawaii. It has regular listeners in almost all parts of the world, from Baker Lake 1000 miles north of Montreal to the Falkland Islands 3500 miles south of the

There will be no peace in Europe until Hitler is crushed said Neville Chamberlain, British Prime Minister, in an address Saturday.

This speech was taken to offset any peace move by the United States and was timed for Summer Welles' arrival in Italy. The Prime Minister restated the British and French war aims, mainly the crushing of Hitler and Nazism.

Adolph Hitler was scheduled to deliver an address at 1 p. m. Saturday. The matter to be discussed was not disclosed, but was believed to commemorate some German achievement through a celebration.

The ship on which Mr. Welles sailed through the straits was held up by British and the mail examined.

## WORKERS HEAR HOUSTON PASTOR SPEAK MONDAY

In their first day of the debt liquidation campaign workers in the Methodist Church reported Monday evening that a total of \$4592 had been subscribed through purchase of Church Debt Bonds.

While no figures were available to indicate how far this first successful day had placed the church toward its goal of clearing up its obligations, it was believed that the amount reported was more than gratifying.

Rev. J. W. Mills, pastor, reported to the Daily Herald this morning that all indications point to a very successful end for the canvas to free the church of debt. It was no secret that Rev. Mills had planned a most thorough organization and was receiving the co-operation of the membership. It was a heartening development such as might warm the heart of any leader to see such liberal response to the plan.

Of the amount raised the first day a considerable amount, or substantially one-third is in cash.

Tonight at the church the workers and their Captains will meet again to have reports covering the second day's canvass.

Last night Rev. D. L. Landrum of St. Mark's Methodist church in Houston, delivered an inspirational address following the dinner for the workers and reports on the progress of the day.

Rev. Landrum discussed the church and its relationship to the community blending his remarks with the spirit of the work now under way. It was a splendid appeal.

Tonight Rev. C. W. Lokey, Presiding Elder of the Marlin District will deliver the address after reports have been made for the day's work. A large attendance is looked for.

The dinner Monday night was served by the Missionary Society under direction of Mrs. A. J. Triggs.

There was growing appreciation among the members for Rev. Mills who is a most capable leader and under his administration great progress will be the lot of this historic church.

## Frank Bartek Faces Drunk Drive Charges After Three Wrecks

Frank Bartek was arrested shortly before 1 p. m. Saturday after his car had figured in a crash with three other automobiles.

A charge of drunkenness was filed against Bartek in the Court of Justice Womack Brashear by Deputy Sheriff Clarence McCall and Deputy Sheriff Dan Gunn who made the arrest. Bartek paid a fine of \$35 for drunkenness.

Bartek was placed under bond of \$500 for driving while intoxicated and this charge may be investigated by the March term of Grand Jury.

Bartek's car figured in three wrecks, the first occurring on 2nd street when his car crashed the automobile driven by Joe Ford of Yarrington; the next crash was with a car driven by Arthur Wilson; the third wreck occurred when he crashed the automobile driven by Cass Walden on the corner of Crockett and 2nd streets.

### W. LEE O' TO RUN?

Governor O'Daniel has decided not to accept a \$75,000 radio contract said to have been tendered by General Foods.

In a statement late Monday he declared it to be his duty to stay in the office of governor and fight for the common people.

In New York a report said no radio contract had been tendered the governor, that the development was a political build up. Whatever the truth may be, it was agreed that the Governor has knocked the politicians for a row of pins.

### HOME BURNS

The home of Mr. and Mrs. Joe Stalmach, located on the old Waco highway, west of Cameron was destroyed by fire at 2 a. m. Sunday.

The aged couple living alone were awakened by the flames and although they were able to reach safety nothing was saved from the home.

### BUYS HORNE FROG STATION

Lincoln Mondrik announced for publication today in the Daily Midget that he has purchased the Horned Frog Service Station in Santa Fe Town.

Mr. Mondrik purchased the station about 4 weeks ago but has been busy and has not had time to advertise his new business. He will appreciate his friends and the public calling at the station where he sells Sinclair products.

Rodney Pollard was in Cameron Sunday visiting friends.

### HARWELL

(Continued from page one)

was proud of the showing he made in that campaign and thanks those who voted for him and he hopes that others will now favor him with their vote.

Friends of Mr. Harwell who know him best, are enthusiastic about his campaign and point out significantly that he is well adapted both by nature and experience to make the precinct a top flight peace officer. He has had a wide experience in dealing with the people and because of his fine personality and friendly nature, he has made many friends. As Constable for this Precinct, Mr. Harwell would so ingratiate himself with the people that his popularity would lend him to a wide scope of service in the discharge of his duties to the end that entire satisfaction would result in his election.

As a young man, he would bring to the office of Constable a great amount of energy, and he promises the people in the event of his election that he can be found at all times and would consider it his first principle of service to be on the job at all times.

In his campaign 2 years ago, he made a most favorable impression and was able to meet a large percent of the voters but in 1940 he plans an active campaign to see and talk with each one and discuss with them his qualifications and what he proposes to do to achieve the fullest application of his energy and ability to fulfill his oath of office.

Mr. Harwell is deeply interested in the progress of this precinct and feels that if he is elected, he can and will work in a spirit of fine co-operation and helpfulness with all of the people, business men and farmers alike, and would give the fullest pos-

sible co-operation to other officers of the court to achieve a full measure of usefulness in this responsible place.

Mr. Harwell does not think it necessary to have a formal platform of the things he would do to serve the people, believing that as responsibilities and duties develop, he would be cautious and conservative and would at all times so conduct himself that law and justice would be best served.

These are characteristics which his friends point out would make him the best officer and in as much as he possesses the ability and natural adaption for such a service, he becomes at once an ideal candidate, one on whom all people can unite and his

friends further point out that all would be proud because of the high standards which he would bring to the office and the service which he feels could be rendered by wholesome understanding and appreciation of the ideals of all of the people of the precinct.

In making his campaign, Mr. Harwell will develop his race in an earnest effort to understand what the people desire and how best he can fulfill their expectations to make a good officer. Your vote and support will be greatly appreciated and his friends are asked to lend their active co-operation and help to give him success in his race for Constable of Precinct 1.

**KENNEDY**

(Continued from page 1)

significant to note that during his term of office the County has been unusually free from types of crime so prevalent in many sections of the State. Friends of Mr. Kennedy point out that he has been most successful in dealing with all problems arising out of law violations. Mr. Kennedy said that whatever success he has attained as sheriff of Milam County full credit is due the people for their co-operation which has enabled the County to successfully combat law violations, and also because the citizenship of Milam County possess to an unusual degree the fine qualities and character that make them law observing and peaceful, and Milam County stands far above the average in the ability of its people to live together and to appreciate the rights and privileges of all.

A native born citizen of Milam County, Sheriff Kennedy knows and understands all phases of life in the County, enjoys a wide acquaintance and is thus able to command the confidence and co-operation of all the people.

Friends of Mr. Kennedy point out that of the large number of outstanding achievements of his service one of the more important is his manifestation of interest in the welfare of less fortunate individuals. He feels that too often those who justly deserve consideration because of misfortune and other things do not receive from their fellow men a quality of mercy, the golden rule sets out as an example of good relations. Because Mr. Kennedy has been kind and sympathetic, he has built for himself a prestige among all classes of people who feel he is not only friendly by nature but he is never too busy or concerned about other things to go to their assistance when they call.

In asking for re-election, Mr. Kennedy pledges the people that he will always be mindful of their interest and in discharging his duty he will bear in mind that the people expect of their sheriff honesty, fairness, and impartiality. The extent of his experience he believes will enable him to continue to render efficient service in this office. He has at all times employed competent and trust worthy deputies, and will continue to do so.

He is deeply impressed by the continued confidence of the people and feels obliged to give back in terms of service every possible effort to them that his stewardship will not find him unfaithful at any time to the high trust that has been placed in him. In making his campaign, Sheriff Kennedy hopes to see and talk with each one to ask for their vote and support and extends to all the people an appeal for their co-operation and support of his campaign.

The same fair, impartial and fearless discharge of duty will character-

ize his service in the future and he pledges the people as their servant in this office that he will continue in their service, deeply grateful and at all times mindful of their will and their welfare.

**BAILEY**

(Continued from page 1)

for a number of terms and because of his experience, they point out that he is in position to continue to serve the district in a most valuable capacity.

Mr. Bailey believes that his record is one that should be appraised by the people, although he was greatly pleased to know that so many in the precinct have pledged their support for re-election and are saying commendable things about him.

Mr. Bailey believes that no officer can successfully enforce the laws without co-operation from all the people. He has had the active interest and co-operation of the people and is grateful for it and looks forward to another term in which he may enjoy the continued co-operation and confidence of the people.

Many do not know of the many duties involved in the service of the office of Constable. It is one of the most important law enforcing branches of the government. In the city of Cameron Mr. Bailey is often called upon to assist in arrests and to co-operate with city officials and this he does with the utmost friendship and co-operation.

In the whole of the Precinct the Constable is the chief peace officer and as such must be subject to call at all times and must be conversant with the law and the rights of the individual as well as informed on all matters pertaining to such service.

Mr. Bailey as a resident of the Precinct for many years, stands high among the people. Their good estimate of his service and citizenship is a tribute to his character and standing and his conduct in office. He believes that a public office is a public trust and that its oath is the only rule by which the officer should be governed. In discharging his duties Mr. Bailey has tried at all times to be fair and impartial, recognizing the rights of all and has been at all times helpful and his counsel has resulted many times in saving those less fortunate from the penalties that law must inevitably inflict on those who violate it.

He hopes to see each one and above all he hopes to continue your good will and co-operation. He values your friendship and your good will above every financial consideration the office may offer and in doing his duty he has not forgotten that he is a citizen and as such has the utmost desire for the spirit of the good neighbor.

Mr. Bailey will appreciate your vote and support and pledges the people that the trust and confidence implied by his re-election will be appreciated to the fullest extent and he will give back in terms of faithful service full compensation for your suffrage.

**WHITE**

(Continued from page 1)

ment and he begins his campaign with definite assurance that he can rely upon friends in all the voting precincts to present his cause and extol his qualifications.

Identified with the soil and citizenship of the County, being a native born citizen, Mr. White comes to the campaign for sheriff fresh from the hearts of the people. Possessing great youthful energy, clean and with a character above reproach, having lived in Milam county all his life, Mr. White is no stranger to the ways of the people. He would be able to enter upon the active duties of sheriff with full understanding and appreciation for the interests of all the people and by reason of his wide acquaintance, friendships, and knowledge of Milam County and her people, his election would give the county a sheriff worthy of the highest traditions that have characterized our entire history.

Mr. White was born and reared in the Maysfield Community from which by far more men have been elected to the office of sheriff than any other portion of the County. As a farmer and stock man, he, of course, is solidly identified with rural life and because of the fact that approximately 30,000 people live in the rural districts of Milam County, his election would be most fortunate. These and many other reasons are being advanced by his many friends.

Mr. White is a man of striking personality, is friendly by nature and sympathetic toward his fellow men and easily accomodating himself to the valuable and important asset of getting along with the people, a characteristic which is one of the essential requirements of a man who is elected to this important office.

Although Mr. White has not issued

any platform of how he would make his administration outstanding, he proposes a far reaching program of co-operation with the officers of the various precincts to the end that all law violations originating in the precinct shall be as far as possible handled by local authorities. This, Mr. White advances, would enable constables and deputies to receive in some measure, compensation for their work. It is a well known fact that officers in the small towns and rural precinct are under paid. By assisting them in this way he would be most helpful in securing for them a more adequate return for the duties they perform.

In the coming campaign, Mr. White will make an active and thorough canvass, hoping to reach each voter by personal contact to assure them their support will be appreciated and incurring a deep obligation to serve them each one according to their needs and their rights. Mr. White grew to manhood on a farm at Maysfield. He obtained his education in the rural schools, completing his high school course at Yoe High School in Cameron. After graduating from high school, he attended business college and has thus equipped himself for the multitude of clerical and similar duties which a sheriff must perform.

He calls upon his friends throughout the county to lend their active support assuring them and all of the people that his election will justify in the services he is to render, a just return on the confidence thus implied. In the selection of deputies he would exercise the utmost care and judgment to insure a maximum of efficiency and forthright dealing and complete enforcement of law. Your vote and support will be greatly appreciated.

**BRASHEAR**

(Continued from page 1)

and understanding and by reason of these warm human characteristics, he has made for himself a place of abiding esteem and affection among all the people.

In asking for re-election, Mr. Brashear occupies an enviable position because of his outstanding record and friends are pointing out in his behalf that based upon this record he is entitled to the consideration which he is asking in announcing for another term as Justice of the Peace.

In making his campaign Mr. Brashear is hopeful that his record of service will appeal to the people in a manner to justify their consideration and in asking for re-election, he feels that his devotion to duty and the success which has come to him is a partial fulfillment of the ideals he sought to achieve in the outset of his service in this important office.

He feels that a public office is a place of unusual responsibility and although he is entitled to no special consideration for having done his duty, he has more than justified the confidence of the people and in doing so contributes substantially to the traditions of service that have always been true of our outstanding officials.

Mr. Brashear pledges the people of the Precinct that he will continue his services on the same high plane giving the Precinct at all times competent jurisdiction, in all the matters arising in his court, being just and considerate of each and every one, guarding their rights as well as the rights of the State and based upon this promise he hopes that you will favor him with your continued confidence.

In making the campaign, Mr. Brashear hopes to see as many of the voters as possible, taking into consideration that much of his time is required to be spent in the court house.

Born and reared in this vicinity, he, of course, enjoys the acquaintance of many whose friendships have been with him for a life time, consequently introductions are unnecessary. To give the people of the Precinct an accounting of how he has performed his duties, he considers it his duty and hopes to discuss with you all matters pertaining to his service and the campaign. In the meantime, he extends to you his sincere thanks and invites your support in the July Primary.

**TO ORDAIN DEACONS**

Four newly elected Deacons will be ordained and installed at the Sunday morning services of the Presbyterian Church. The Rev. O. C. Acree, pastor will preach the sermon and the session will ordain the following: Earnest Dake, Emory Camp, Wilson Mode and Ladis Marek.

Following the morning services a Congregational meeting will be held to consider the matters of disposition of church properties and disbursements of funds available from such disposition.

Members of the congregation are urged to attend the services Sunday.

many people. His friends say that he has lived thus far in a relationship of usefulness, has always been upright in his dealings, and his reputation and character are such that as a candidate for office of public trust, the appeal of his personality, intelligence, and qualifications make him an ideal choice for this place.

Mr. Allen combines in his experience, unusual qualifications, and his early years spent on the farm has given him a broad understanding of the problems of those who live in the rural districts and as a business man for 16 years, he feels that his experience has been such that he is not only qualified to perform the duties required of district clerk but will be able to bring to the office the best possible equipment in both training and experience. Mr. Allen is by nature friendly and would be able to meet the public and to give the office the benefit of an exceptional personality, both charming and likeable.

Mr. Allen is an active fraternalist and for a number of years has found a large place of service in the civic life of the city.

His father, George Allen is 83 years old and his mother, 76 live in Cameron and require his assistance and care. Both are now in the sunset of life and Mr. Allen is deeply grateful for their influence and inspiration to him and hopes to better his condition which would enable him to better care for the responsibilities he now faces.

Mr. Allen is married and has 2 children. Mary Francis, his daughter began high school in September 1939, and his son, Grady, Jr., is now 9 years old and in Grammar school.

Mrs. Allen was the former Miss Bessie Richards, also a native of Milam county and the daughter of A. B. Richards of North Elm. Mr. and Mrs. Allen were married 15 years ago in 1925.

Mr. Allen plans an active campaign and hopes to see each and every voter to ask for their support but in the event this is not possible, he takes this method of extending to each and every voter his sincere appeal for their support in the coming primary election, pledging the people of Milam County that he will give back in terms of honest and faithful service a full measure of devotion to duty as compensation for the confidence his election would imply.

He invites his friends to become active in his behalf over the county and is sincerely hopeful of seeing all the people and asking for their support.

ed on the basis of competitive bids thus insuring all the taxpayers of his district that each one will be given a fair and equal opportunity to share in the benefits of the expenditure of public money.

Mr. Roberts has had long experience in handling labor, bridge building, and excavation work which he believes and which his friends point out gives him unusual qualifications for this office.

Business experience contributes materially to his qualifications and his wide acquaintance among the people together with his knowledge of land values would make him a most valuable member of the Commissioners Court.

Mr. Roberts was born and reared in this vicinity. For a number of years he was City Marshal in Cameron and at present is engaged in farming. He has always been popular among the people and his life is an example of the best traditions of a most trustworthy citizenship.

He will insist upon the most rigid economy in the government and pledges himself to see that every portion of the district receives full value for the taxes paid. His many friends declare that because of his experience and training he possesses to a unusual degree all of the better qualifications that go to make up an ideal public official. Mr. Roberts greatly appreciates this estimate which has been placed upon him at the beginning of his campaign and hopes to see each voter to ask for their support.

He makes a solemn pledge to the people that if they entrust to him the duties of this office, he will be found at all times not only on the job but sympathetic with each and every problem, guaranteeing that every transaction will be made with the view of justice to all and special privileges to none.

Your vote and support of Mr. Roberts will be greatly appreciated and he hopes to see and talk with you in the near future regarding his qualifications for this important office.

Gus Evans spent the week end in Houston where he saw "Gone With the Wind."

**BARRETT**

(Continued from page 1)

man gives, it should be shared and not imposed upon any individual for a long period of time. If on the other hand the office offers sufficient compensation, its benefits should be passed on to others who are also competent to hold it." It will be remembered that Mr. Barrett was a candidate for Commissioner of Precinct 1 two years ago and although he polled a very large vote, he announced late and could not make a thorough campaign.

In this campaign, Mr. Barrett will begin early to see all of the voters of the Precinct and to ask each one for their vote and support.

The late John Barrett, father of Jesse J. Barrett served for a long time as Commissioner for the Precinct. The Barrett family has been identified with the progress of Precinct 1 as well as the County for many years and Mr. Barrett is definitely no stranger to the citizenship nor the economic needs of the people and the requirements of the County government. As a lifelong citizen of Precinct 1, Mr. Barrett enjoys the reputation of rugged honesty, thorough knowledge and outstanding ability and if elected to the office he would enter at once upon a career of outstanding service.

In the outset of his campaign, Mr. Barrett not only has the well wishes of thousands throughout the Precinct, but is fortunate to have a pledge of active support from many voters, giving him assurance in advance of a vote which he believes is sufficient to insure his success at the polls in July. His friends point out that this pre-campaign interest is encouraging enough to warrant their belief that the Precinct can secure his services in the office and thereby insure extraordinary competent administration of its affairs. Mr. Barrett is deeply grateful for this interest in his campaign.

Born and reared on a farm, Mr. Barrett has a wide, general knowledge of land and land values. By reason of his great experience, he knows at the outset how to operate the machinery and the business of the office and pledges the people that every portion of the district will be given its just share of the benefits of taxes paid, and no community will find it necessary to make any plea for what is due them. Having had much experience his candidacy is creating wide general appeal.

Mr. Barrett greatly desires your vote and support and gives you his solemn pledge that the confidence you express in him will not be misplaced and in turn he will give back many times the value of such expression in faithful service to his native people.

Mr. and Mrs. Charlie Matula of Cameron announce the arrival of a little girl, Helen Raye, on Monday, February 25, at the Cameron hospital. The mother was the former Miss Lois Provack. Mrs. Matula and Helen Raye are at home now, both doing nicely.

Helen and Francis Dancak visited their parents, Mr. and Mrs. L. A. Dancak, in Calvert Wednesday.

## Vegetable Laxative—Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables **BLACK-DRAUGHT** to help ease any bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when **BLACK-DRAUGHT** is taken at bedtime. The millions of packages used are proof of its merit.
